CHILD DEVELOPMENT SERVICES – Continued

TARGETED OUTCOMES:

Goal	Objective	Tasks	Performance Measure	2023 Planned
<p>Goal 3: The Jefferson County DD Program will work with community partners to create a free monthly Developmental Playgroup in the South County area, that will support the developmental milestones/needs for kiddos 0-5 years of age</p>	<p>Developmental Playgroups are designed to help parents and their children who are experiencing developmental delays or disabilities; to work together to meet the child's cognitive, social and developmental goals. The free playgroup will be staffed by an Occupational Therapist/ Clinical Social Worker Candidate and a Parent to Parent Coordinator</p>	<p>Playgroup Sessions will address: <i>Motor Development/ Gross motor/ Fine motor Communication/ Expressive- language Receptive- language Social-Emotional Skills/ Adaptive/Self-Care Skills/ Feeding Issues/</i></p>	<p># of meetings to create a local Jefferson County Developmental Playgroup</p>	<p align="center">4-8</p>
<p>Goal 4: The Jefferson County DD Program will work with community partners to publish a B-6 Prescreen Wheel Chart</p>	<p>Revise the original Birth to Six Prescreen wheel, that was developed by the past Birth to Six Washington State Planning Project. Items used on the wheel will be drawn from a wide range of reliable development sources which are professionally recognized as appropriate for screening purposes and we will add QR Codes for local and State resources.</p>	<p>Reprint the original Birth to Six Prescreen wheel, that was developed by the past Birth to Six Washington State Planning Project. Pass out to new Moms/Dads on the Olympic Peninsula through Public Health-WIC, County DD, Mosaic, Doctors' Offices ect..... <i>The Prescreen wheel is a quick way of helping parents recognize possible problem areas in a child's vision, hearing and development. The chart will help them look at the whole child. Watching for the child's development in the areas of thinking, social skills, listening, talking and movement activities. Some movement skills use small muscles (like fingers), others use large muscles (like legs). It is important to watch for vision and hearing in children of every age.</i></p>	<p># of meetings to create a B-6 Prescreen Wheel Chart</p>	<p align="center">4-8</p>

GOAL:

Providers and funders of Early Intervention services will continue their efforts to create a seamless Birth to Three System, so the developmental needs of each eligible child in Birth to Three, (along with their families) will be met. An emphasis will be on comprehensive County-wide cooperation, knowledge, and communication between all Birth-to-Three providers/partners in Jefferson County. Progress will be documented in the client's file, i.e. 100% of the time.
